STATISTICS—

No. P. 9-B of 1941.

OFFICE OF THE SURGEON GENERAL WITH
THE GOVERNMENT OF BOMBAY:

Bombay, 23rd May 1941.

From

MAJOR-GENERAL R. H. CANDY, C.I.E., K.H.S., I.M.S.,
Surgeon General with the Government of Bombay,
Bombay No. 1;

To

THE SECRETARY TO GOVERNMENT,
General Department, Bombay.

Subject.—Annual Report on Civil Hospitals and Dispensaries for the year 1940.

Sir,

I have the honour to submit for the information of Government the Annual Report on Civil Hospitals and Dispensaries for the year 1940.

BUILDINGS.

2. *Major Works.*—The work of construction of a new building to provide for a new Out-patient Department, quarters for Nurses and a hostel for Medical Students in the compound of the Cama and Albless Hospitals, Bombay, estimated to cost Rs. 1,83,988, was commenced during the year under report and is likely to be completed shortly.

3. *Minor Works.*—During the year 1940, several minor works representing additions and alterations and improvements to the buildings of Government Hospitals and Dispensaries were carried out at a cost

MO-I Bk O 17—1

of Rs. 52,000 from the Surgeon General's Discretionary Grant. The following are some of the important works carried out :—

	Estimated Cost.
	Rs.
(1) Reclamation of the Nalla in the compound of the Civil Hospital, Godhra	9,955
(2) Improvements to the Out-patient Department, Civil Hospital, Dhulia	5,582
(3) Construction of a new building providing X-Ray and Dark room in the compound of the Civil Hospital, Nasik	5,489
(4) Providing A. C. Electric Supply for X-Ray units at the G. T. Hospital, Bombay	4,908
(5) Constructing X-Ray and Dark rooms in the compound of the Civil Hospital, Godhra ..	4,761
(6) Improving certain floors in the Wadia Home for Nurses, J. J. Hospital, Bombay	4,183
(7) Improving certain roads in the compound of the J. J. Hospital, Bombay	3,833
(8) Additions and alterations to the Quarters for inferior servants in the compound of the Civil Hospital, Satara	3,397

4. *General.*—The buildings of the various Government Hospitals and Dispensaries have been kept in good condition, the necessary repairs having been carried out by the Public Works Department.

Bombay Hospitals.

5. *J. J. Group of Hospitals and G. T. Hospital, Bombay.*—To meet the increased demand for accommodation, Government have sanctioned the opening of 136 beds out of the closed beds, at the J. J. Group of Hospitals and the G. T. Hospital, as shown below :—

27 beds at Sir C. J. Ophthalmic Hospital (together with new operation theatre attached) ;

15 beds at B. J. Hospital for Children, Bombay ;

4 beds at Bai Motlibai and D. M. Petit Hospitals, Bombay ; and

90 beds at the G. T. Hospital, Bombay.

In addition, Government have placed at the disposal of the Defence Department 100 beds at each of the St. George's and J. J. Hospitals, Bombay.

6. *Detention Wards at J. J. Hospital, Bombay.*—There are 7 beds in the detention room at the Out-patient Department of the J. J. Hospital. As the present arrangement is unsatisfactory, Government have decided

to convert the detention room into two separate wards for males and females. The proposal will add greatly to the utility of the Casualty Department of the Hospital.

7. *Bai Motlibai and Sir D. M. Petit Hospitals.*—The work of this hospital has been much improved by the provision of (*a*) clinical lecture theatre, (*b*) Museum, (*c*) a clinical laboratory and (*d*) Dwarkadas Lallubhai Female Out-patient Department.

An ambulance service has been started at the J. J. Group of Hospitals, Bombay, with the help of an ambulance car generously donated by the Indian Red Cross Society, Bombay. Poor patients are transported from these hospitals to their homes or other hospitals or from their homes to these hospitals free of charge.

8. *St. George's Hospital, Bombay.*—The old X-Ray apparatus at St. George's Hospital has been replaced by a new diagnostic machine.

The Nursing Staff at this hospital has been reorganised and as a result, one staff nurse will be added to the existing number.

9. *G. T. Hospital, Bombay.*—A new Deep Therapy X-Ray apparatus at a cost of Rs. 23,354 was installed during the year under report.

10. *Cama and Albless Hospitals, Bombay.*—With a view to provide prompt radiological aid in diagnosis at the Obstetric Department of this hospital, it is proposed to purchase an X-Ray unit worth about Rs. 10,800 from the balance of the Hospital Fund. It is expected to be installed shortly.

Mofussil Hospitals.

11. *Vithal Sayanna Civil Hospital, Thana.*—Her Excellency Lady Lumley visited the hospital on 3rd December 1940 for laying the foundation stone of the extension of the C. B. Divecha Maternity Home.

12. *Sassoon Hospitals, Poona.*—The old X-Ray apparatus at the hospital will be replaced shortly by a new up-to-date one at a cost of Rs. 25,000.

13. *Civil Hospital, Nasik.*—This hospital has been provided with an X-Ray apparatus during the year and it is hoped that it will be fully utilised both at the Anti-Tuberculosis Clinic and at the hospital.

The question of providing an Out-patient Department at this hospital is at present under consideration.

14. *Civil Hospital, Sholapur.*—A Fracture Clinic has been organised at this hospital in June 1940 with a 24-hour service of X-Ray Department.

15. *Civil Hospital, Kaira.*—A new Maternity Ward is being constructed at this hospital with the donation from Bai Muli, widow of Chunilal Bhogilal of Kaira. It is expected to start working soon.

16. *Civil Hospital, Godhra.*—An X-Ray apparatus has been installed at this hospital and the Department is satisfactorily functioning since July 1940.

17. *Civil Hospital, Ahmedabad.*—The scheme of shifting this hospital to a more open and healthy site, outside the city walls, is under consideration.

A Local Committee has been formed to make proposals to Government for carrying out the scheme. An expenditure of Rs. 2,44,000 has been authorised by Government from the Special Development Fund during 1941–42 for acquisition of the land for the new buildings of the Civil Hospital and Medical School, Ahmedabad.

GENERAL.

18. *Water Supply.*—Complaints of inadequate water supply exist at a few of the Government hospitals.

19. *Advisory Committees.*—The Committees at the Government hospitals in Bombay City and in Mofussil except at Civil Hospital, Poona, met occasionally during the year and continued to do useful work. Thanks are due to the members for the interest they evinced in the welfare of the patients.

20. *Iron Lungs.*—Under the auspices of the Advisory Committee of the J. J. Group of Hospitals, a public lecture on and demonstration of the Iron Lung by Lieut.-Colonel S. L. Bhatia, M.C., I.M.S., was arranged in the Bai Motlibai Hospital, on 3rd October 1940.

21. *Training of Compounders.*—The following institutions are recognised to train candidate Compounders under the revised regulations, in this Province :—

(1) J. J. Group of Hospitals, Bombay ;

(2) The Sassoon Hospitals, Poona ;

(3) The Civil Hospital, Ahmedabad ;

(4) Seth Vadilal Sarabhai General Hospital, Ahmedabad ; and

(5) The Miraj Medical Centre, Miraj.

The candidates are examined at the first three Government training centres only, after they have undergone the prescribed course of one year and are granted certificates on passing the examination.

22. *Unani Systems of Medicine.*—This year four students were granted a scholarship of Rs. 25 per mensem each for the study of Unani systems of medicine at the A. & U. Tibbi College, Delhi, in addition to the eight scholarships granted in 1939.

23. *Ayurvedic College and Hospital in Bombay.*—The work of construction of the Rambilas Anandilal Podar College and the Mahadevi Anandilal Podar Hospital, out of the generous donation of Rs. 3½ lakhs

made by Seth Anandilal Podar, continued during the year under report and the institutions are expected to be opened shortly.

24. *Investigation of anæmias of pregnancy.*—At the instance of the Director of Public Health for the Government of Bombay, Poona, Government have appointed a special Research Officer with a Woman S.M.S. Officer to assist him in the pathological and bacteriological and hæmatological examination of the cases of anæmias of pregnancy which are common in the above-ghat talukas in Karwar District—especially Sirsi, Yellapur and Siddapur. The laboratory is located in the Municipal Dispensary at Sirsi and work was started from September 1940. The investigation at present aims at the anæmias according to the findings in blood.

25. *Leprosy.*—Under the auspices of the British Empire Leprosy Relief Association, Indian Council, 45 centres (clinics) were working in the province in 1940. They have treated 5,199 patients in the year—3,039 old cases and 2,160 new ones.

In addition, 92 treatment centres (clinics) at several Grant-in-aid dispensaries have made good progress in leprosy work. The total cases treated at these clinics in 1940 number 1,741 :—540 old cases and 1,201 new ones.

The total number of patients treated in all classes of institutions in the Province, in 1940, is reported to be 6,101.

Propaganda work was carried on as usual by magic lantern lectures and distribution of leaflets. In addition to the work of propaganda carried on by the Medical Officers of the different centres, the Special Leprosy Officer for the Province of Bombay arranged for public meetings wherever he went. Patients attended the meetings. He advised the people on the need of timely treatment and isolation. All his lectures were with magic lantern demonstrations. The General line of treatment followed is treatment by Hydnocarpus oil.

In order to check effectively the spread of leprosy, a certain amount of educational propaganda in addition to the treatment of the cases of leprosy has been considered necessary with a view to explaining to the lepers the importance of segregation from the general community and of undergoing a course of treatment at the nearest centre. The District Rural Development Boards have therefore been requested to arrange in the different villages of the District, a series of lectures on the subject by the Medical Officers attached to the dispensaries in the mofussil.

26. *Anti-Tuberculosis Activities.*—The proposal to start an Anti-Tuberculosis Clinic in the compound of the J. J. Hospital out of the

donation received from the Bombay Province Anti-Tuberculosis Association, Bombay, could not be given effect to in previous years for want of funds. It has since been decided to open the clinic in 1941 and the necessary funds therefor have been provided.

Special accommodation for out-door Tuberculosis patients was provided at the Civil Hospital, Belgaum, and a ward of four in-door beds was provided at the Civil Hospital, Bijapur, during the year under report.

Out of the returnable amount to the District of Kolaba, it has been proposed to Government to open a ward of 6 beds for Tuberculosis patients at the Civil Hospital, Alibag. A similar proposal in respect of the Civil Hospital (East Khandesh), Jalgaon, is also under consideration.

The Ahmedabad District Anti-Tuberculosis Association made a gift of an X-ray apparatus, Ultra Violet lamp, etc. to the Anti-Tuberculosis Clinic attached to the Civil Hospital, Ahmedabad.

27. *Blood Transfusion Service.*—This service organised in 1938 has been dissolved and its functions have been taken over by the Bombay City Branch of the Indian Red Cross Society, Bombay. A proposal to start a "Blood Bank" is under consideration.

28. *Rural Development.*—In the course of the year instructions have been issued to all the Civil Surgeons in this Province to notify the dates of their inspection of the dispensaries in their charge to the local public and to examine and treat all sick persons who may come to them for consultation and treatment in the course of their visits to the dispensaries. The Medical Officers of this Department have also been instructed to render all possible help in the village improvement activities in conjunction with Local officers of other Departments and to increase public health work in the towns and villages where they work. Similar instructions have also been issued to the Subsidised Medical Practitioners in the matter of general sanitation in the areas allotted to them.

Rural Medical Relief Scheme.

29. *Appointment of Subsidised Medical Practitioners.*—Under the Rural Medical Relief Scheme of the Subsidised Medical Practitioners Government have sanctioned 334 (6 in 1936, 200 in 1938 and 128 in 1939-40) centres in the several Districts. The locations and the type of 314 (149 Allopathic, 153 Ayurvedic, 12 Unani) of them have already been decided upon and those of the remaining 20 centres are under consideration. Of the 314 approved centres, only 251 (102 Allopathic, 140 Ayurvedic and 9 Unani) have been functioning in the year under report. The Sub-joined table shows the number of subsidised dispensaries and the

total number of patients treated in them in the several Districts during 1940 :—

District.	Number of Dispensaries.				Patients treated.			
	Allo-pathic.	Ayur-vedic.	Unani.	Total.	Men.	Women.	Children.	Total.

* Information in respect of 16 centres only.
† Information in respect of 9 centres only.
‡ Classification of 2,220 patients not available.
§ The difference in the classification and the total patients is due to the 2,220 patients in Sholapur.
‖ Classification of 866 patients not available.
¶ The difference in the classification and the total patients is due to the 866 patients in Karwar.
** The difference of 3,086 patients in the "classification" and the "Total treated" is due to 2,220 and 866 patients in Sholapur and Karwar respectively.

The appointments of Subsidised Medical Practitioners at the remaining centres are in progress.

The Scheme is very promising and as it settles down and becomes stable it will be a real contribution to rural relief both medically and sociologically.

30. *Appointment of Nurse-Midwives.*—Of the 81 Nurse-Midwives to be appointed at the District Local Board dispensaries under the Rural Medical Relief Scheme only 56 have been appointed up to the end of 1940 (7 Nurse-Midwives, 1 Nurse, 48 Midwives) as shown in the sub-joined table :—

District.	No.	Remarks.
Surat ..	3	
Kaira ..	7	
Broach ..	2	1 Midwife resigned in May 1940.
Panch Mahals ..	3	1 „ „ „ July 1940.
Ahmedabad ..	4	
Poona ..	4	
Ahmednagar ..	4	
West Khandesh ..	4	3 resigned in April, May and August 1940 including 1 Nurse-Midwife.
East Khandesh ..	2	
Satara ..	4	
Sholapur ..	..	
Belgaum ..	5	
Bijapur ..	2	
Thana ..	4	
Kolaba ..	4	
Ratnagiri ..	3	
Karwar ..	1	
Nasik ..	..	Did not participate in the Scheme.
Dharwar ..	..	
Total ..	56	

Of these 1 Nurse-Midwife and 4 Midwives have resigned their posts in the year under report. The Paucity of qualified candidates still continues.

Government have however approved a lower course of training for Assistant Midwives which it is hoped will meet the needs of the rural population in regard to medical aid in maternity cases to a certain extent.

31. *Touring Medical-cum-Propaganda Units.*—On the suggestion of the Special Enquiry Officer in regard to the measures for improvement of conditions of Bhils and other Aboriginal and Hill Tribes in partially excluded areas of the Bombay Province, Government sanctioned the establishment of five Touring Medical-cum-Propaganda Units in four districts of West Khandesh, Thana, Nasik and Panch Mahals as an experimental measure. Each unit is to be controlled by an organiser thoroughly conversant with the local conditions and habits of the tribes. The unit renders medical treatment for simple ailments along with entertainments. The organisers are trained at the Civil Hospitals for a period of two weeks to acquaint them with the methods and treatment of Malaria and other common diseases. The organisers work under the Revenue authorities. An organiser is given a peon to assist him and he is equipped with gramaphone and records, magic lantern and slides and medicines. He is also allowed to hire two carts and drivers in order to facilitate his touring. The annual cost on account of each such unit is Rs. 3,000.

The sub-joined table shows the location of these units and the dates of their starting :—

District.	Taluka.	Date of functioning.
1. West Khandesh	Taloda ..	24th January 1940.
2. Do.	Nawapur ..	1st June 1940.
3. Thana	Shahapur ..	31st July 1940.
4. Nasik	Peint Mahal ..	18th November 1940.
5. Panch Mahals	Dohad ..	17th September 1940.

It is encouraging to note that His Excellency the Governor of Bombay visited the unit at Taloda on 28th January 1940 at the time of his tour in the West Khandesh District.

32. *Nursing in Civil Hospitals.*—The Nursing staff was generally adequate in the Bombay and one or two of the mofussil hospitals. Many of the civil hospitals were, however, understaffed in this respect. Nursing in these hospitals is provided by Nursing Associations with the aid of Government grants. These Associations relieved Government of half of its responsibility regarding nursing and the plan worked well in the past. Recently, however, these bodies are unable to collect more funds, with the result that they have not been able to provide nursing

staff in proportion to the increase in the number of patients, and attempts are being made by Government to provide this essential service from its own funds as much as possible.

It is essential to train as many probationers as possible in order to supplement the number of qualified nurses and proposals for training more probationers in the existing hospitals as well as for opening additional training centres are under consideration.

33. *Red Cross.*—The Red Cross Society continued to render eminently satisfactory work, under its enlarged scope. Most of the Civil Surgeons are members of the District Societies and have co-operated actively in its work.

The Bombay Women's Auxiliary Corps organised in 1939 under the auspices of the Society with the object of registering and training women of all communities for Red Cross work in time of emergency was re-arranged and worked energetically throughout the year. The Emergency Nursing Branch, members of which received training at St. George's and J. J. Hospitals, has been of great service in hospitals, especially for treating military patients.

The Travelling and Table Dispensaries conducted by the Society continued to render useful service in the districts of Belgaum, Bijapur, Broach, Godhra and Surat. As in previous years, the interest of the Silver Jubilee investment of Rs. 4,100 was used for the training of a probationer *dai*, at the Kurla Hospital.

The Anti-Tuberculosis Sub-Committee of the Society has helped in the working of the six clinics at Ahmedabad, Belgaum, Nasik, Poona, Sholapur and Surat. A sum of Rs. 1,140 was contributed during the year towards the pay of the nurses employed at these clinics.

34. *St. John Ambulance Brigade.*—The work of the Brigade, which differs from that of the Association in that it enrolls those who are qualified and certified by the Association and maintains formations of ambulance and nursing divisions of a voluntary nature, formed an important adjunct to hospital work. The members of the Brigade have rendered valuable work so far.

35. *Acknowledgments.*—The Department expresses its thanks to all individuals and bodies who have extended their generosity towards the patients in the several hospitals, by way of donations or gifts.

Statement A.

36. The total number of institutions open at the beginning of the year under report was 609. During the year 94 new dispensaries were opened and the names of 13 institutions were added to the report as their returns were received in time this year and 9 institutions were closed. The number of institutions open on 31st December 1940 was 707.

Statement B.

37. The following table shows the distribution of Medical Officers (including Honorary Medical Officers), Nurses (including probationers), Midwives, Dais and Compounders in the various classes of hospitals and dispensaries during the year under report and the previous year :—

Class of institutions.	Medical Officers.	Nurses.	Mid-wives.	Dais.	Com-pounders.
Class I—State Public ..	365	534	28	1	73
Class II—State Special ..	13	11	..	..	7
Class III—Local and Municipal Funds ..	447	244	154	41	377
Class IV—Private-aided ..	45	43	14	5	28
Class V—Private-non-aided ..	157	191	44	31	70
Class VI—Railways ..	78	27	1	1	56
Class VII—Subsidised ..	251	..	..	..	..
Total (1940) ..	1,356	1,050	241	79	611
Total (1939) ..	1,211	858	257	68	608

It may be seen from the above figures that there is an appreciable increase in the number of Medical Officers. This increase is mainly due to the opening of 94 new subsidised dispensaries in 1940. There is also a very welcome increase in the number of nurses employed.

Statement C.

38. The sub-joined table shows the number of In-door and Out-door patients treated in the State Public, Municipal and Local Funds and private-aided Hospitals and Dispensaries of the Bombay Province,

their daily average number, death rate, number of beds available etc., during 1940 and the previous year :—

——		1939.	1940.
Number of in-patients treated		1,33,777	1,45,783
Number of out-patients treated		3,747,484	3,938,135
Total number of patients treated		3,881,261	4,083,918
Number of beds available ..	Male ..	3,975	4,056
	Female	2,885	3,095
Daily average attendance of patients ..	Indoor	5,708·2	5,821·7
	Out-door	38,272·8	41,551·35
Total number of patients treated at female hospitals and dispensaries		119,277	123,255
Number of cures*		74,293	78,845
Number of deaths*		9,325	9,592
Ratio of deaths percentage to the total treated* ..		7·0	6·6

* Among in-patients only.

From the comparative figures it may be observed that there is a marked increase in the average attendance of patients.

It is gratifying to note that there is constant decrease in the ratio of deaths percentage to the total treated as in 1938 it was 7·8, in 1939 7·0 and in 1940 6·6.

In the triennial report it is possible to visualise the progress made in hospital work over a short period but the following figures in round numbers, on comparison between 1940 and 1922, reveal this more clearly.

The year 1922 is chosen as sufficiently after the last war to allow for the Department to have got into its stride and the figures quoted *exclude Sind.*

——	1922.	1940.
Total in-patient admissions	54,000	1,45,000
Daily average inpatients	2,900	5,800
Death rate	8·6	6·6
Total out-patients admission	1,900,000	3,900,000
Daily average out-patient attendance	19,000	41,000
Labour cases	6,300	40,000
With death rate	0·9 (per cent.)	0·5 (per cent.)

Statement D.

39. The total number of patients treated during the year 1940 in all classes of hospitals and dispensaries (except the subsidised dispensaries) was 4,913,802 with 10,832 deaths as against 4,596,454 with 10,330 deaths in the year 1939.

The sub-joined table shows the principal diseases among the patients treated and the mortality among impatients :—

Diseases.	1939.		1940.	
	Cases.	Deaths.	Cases.	Deaths.
Cholera	588	17	158	14
Dysentery	68,833	246	70,384	223
Diarrhœa	91,705	311	101,680	289
Influenza	108,467	17	116,747	27
Injuries, local and general ..	355,487	868	387,819	969
Labour cases, normal and abnormal ..	38,881	198	45,420	229
Leprosy	5,839	160	6,101	124
Malaria	833,622	167	912,596	179
Pneumonia	19,249	1,254	20,781	1,052
Plague	134	3	809	47
Small-pox	988	54	2,612	274
Tuberculosis of the lung	23,435	1,300	26,471	1,184
Other forms of tuberculosis ..	10,323	206	12,790	318
Enteric fever	7,313	265	7,422	337

Epidemics.

The following diseases were in epidemic form in some parts of the districts shown against them :—

Dysentery .. Ratnagiri.

Plague .. Karwar, Poona, Belgaum, Dharwar and Sholapur.

Small-pox .. Ratnagiri, Ahmednagar, Satara, Sholapur, Belgaum, Surat and Ahmedabad.

Enteric fever .. Karwar.

Statement E.

40. The total number of surgical operations performed during the year under report was 158,664 as compared to 164,476 in 1939.

These were performed on 152,616 persons with a mortality of 0·8 per cent. as compared with 157,169 persons with a mortality of 0·6 per cent. in the preceding year. The decrease in the operations is mainly due to the fall in the number of "Operations on veins", since the intravenous injections are not to be classified as "Operations on veins", as per instructions of the Director General of the Indian Medical Service.

Statement F.

41. The following table shows the receipts and expenditure on account of the maintenance of the State-Public, Local and Municipal Funds and Private aided Hospitals and Dispensaries during the year 1940 :—

——	Receipts.	
	1939.	1940.
	Rs.	Rs.
Cash balance on 1st January 1940	3,51,103	3,48,944

Statement G.

42. On the 1st January 1940, the invested capital stood at Rs. 24,07,823. During the year, Rs. 1,28,653 were invested and securities worth Rs. 41,506 were sold or withdrawn, leaving the total invested capital at Rs. 24,94,970 at the end of the year.

Short notes on the working of the following institutions together with the statements of income and expenditure have been printed as an appendix to this report :—

(1) Medical Schools, Poona and Ahmedabad.
(2) Grant Medical College, Bombay.
(3) Haffkine Institute, Bombay, and
(4) Chemical Analyser's Department, Bombay.

I have the honour to be,

Sir,

Your most obedient servant,

R. H. CANDY,

Major-General, I.M.S.,

Surgeon General with the Government of Bombay, Bombay.

APPENDIX.

Medical Schools.

The B. J. Medical Schools at Poona and Ahmedabad opened the year 1940 with 236 and 157 students respectively as shown below :—

Year.	B. J. Medical School, Poona.			B. J. Medical School, Ahmedabad.		
	Male.	Female.	Total.	Male.	Female.	Total.
First L.C.P.S. ..	81	15	96	67	2	69
Final L.C.P.S. (Juniors and Seniors).	113	27	140	79	9	88
Total ..	194	42	236*	146	11	157

*Of these 21 male and 19 female students were free.

†Of these 13 male students were free.

2. During the year under report there were 51 (47 males and 4 females) admissions to the Medical School, Poona, while those to the Medical School, Ahmedabad, numbered 33 (males). The subjoined table shows the number of students remaining in the first and final L.C.P.S. Classes at the two Medical Schools at the end of the year :—

Year.	B. J. Medical School, Poona.			B. J. Medical School, Ahmedabad.		
	Male.	Female.	Total.	Male.	Female.	Total.
First L.C.P.S. ..	79	13	92	71	1	72
Final L.C.P.S. (Juniors and Seniors).	97	21	118	86	10	96
Total ..	176	34	210	157	11	168

Examination Results.

3. The statement below gives the number of students that appeared and passed the first and final L.C.P.S. examinations held by the College of Physicians and Surgeons, Bombay, in the year 1940 :—

—	First L.C.P.S.						Final L.C.P.S.					
	April 1940.			October 1940.			May 1940.			November 1940.

Income and Expenditure.

4. The receipts and expenditure at the two Medical Schools for the year 1940 have been shown in the following table :—

Receipts.

Items.	Poona.	Ahmedabad.
	Rs.	Rs.
1. School Fees	21,011	21,943
2. Hostel Rent*	2,869	2,700
3. Miscellaneous	55	20
Total ..	23,935	24,663

*Credited to XXXIX—Civil Works.

Expenditure.

Items.	Poona.	Ahmedabad.
	Rs.	Rs.
1. Pay of Officers	29,655	22,570
2. Pay of Establishment	11,476	12,559
3. Allowances, Honoraia, etc.	14,190	7,723
4. Contingencies	12,208	5,907
5. Scholarships*	1,080	398
6. Repairs to Buildings†	698	700
Total ..	69,307‡	49,857§

* From the Provincial Revenue only.

† By the Public Works Department.

‡ Of this expenditure, 65·5 per cent. was met from the Provincial Funds and 34·5 per cent. from the School fees and other sources.

§ Of this expenditure 50·5 per cent. was met from the Provincial Funds and 49·5 per cent. from the School fees and other sources.

Government Scholarships and Free-studentships.

5. Eight scholarships of Rs. 15 per mensem each were granted to the lady students at the B. J. Medical Schools, 6 at Poona and 2 at Ahmedabad in the year under report. In addition, the usual free-studentships were also given to the poor and deserving students at both the schools.

GRANT MEDICAL COLLEGE, BOMBAY.

The Grant Medical College, Bombay, opened the year 1940-41 with 660 students as shown in the subjoined table :—

Class.	Male.	Female.	Total.
I Year	101	18	119
II Year	104	25	129
III Year	59	8	67
IV Year	69	16	85
V Year	234	26	260
Total ..	567	93	660

Of these 134 left the college on completion of their course and 16 for various other reasons. There were 125 (102 males and 23 females) new admissions during the year and at the end of the year (on 31st March 1941) there remained 635 students in the several classes as shown below :—

Class.	Male.	Female.	Total.
I Year	99	21	120
II Year	135	21	156
III Year	69	20	89
IV Year	59	8	67
V Year	180	23	203
Total ..	542	93	635

Examination Results.

2. The following table shows the number of students that were sent up and those who passed in the several examinations mentioned below :—

Examinations.	Number sent up.	Number passed.	Number failed.
First M.B.B.S.—			
April 1940	117	57	60
October 1940	70	31	39

*Full course at Grant Medical College.

†Part course at Grant Medical College.

At the April 1940 Third M.B.B.S. Examination 78 candidates passed the whole examination.

At the December 1940 Third M.B.B.S. Examination 56 candidates passed the whole examination.

At the October 1940 B.Hy. Examination one candidate passed the whole examination.

Government Freeships and Scholarships.

3. There are no freeships available at this college. Four women students were in receipt of Government Scholarship of Rs. 40 per mensem each during the year.

Income and Expenditure.

4. The receipts and expenditure of the College for 1940 are shown in the sub-joined table :—

Receipts.		Expenditure.	
Items.	Rs.	Items.	Rs.
College Fees	1,91,874	Pay of officers	93,646
Income from Endowment ..	497	Pay of Establishment ..	73,090
Miscellaneous	342	Allowances and Honoraria ..	82,918
*Hostel Rent	37,551	Contingencies	64,956
		Grant-in-aid Contributions and Donations ..	3,900
		Scholarships	3,858
Total ..	2,30,264	Total ..	3,22,368†

5. In the absence of any applications from students the Sir Currimbhoy Ebrahim Dental School and Hospital, Bombay, for which Government sanctioned the necessary funds in 1939 has not yet started. Applications will again be invited in June next and it is to be seen if sufficient number will apply for admission.

* Credited to XXXIX—Civil Works.

† Of this total expenditure 28·6 per cent. was met from Provincial Funds and the rest from College fees and other sources.

Haffkine Institute, Bombay.

During the year 1940 the Institute continued to function as—(*a*) a centre for manufacture of plague vaccine for the whole of India, typhoid and cholera vaccines for the Bombay Province, (*b*) the provincial laboratory for the Bombay Province, (*c*) centres for the manufacture of anti-rabic vaccine for the Bombay Province and the adjoining areas and treatment centre for the Bombay City, and in addition, carried out research work on plague and other subjects largely with the assistance of the Indian Research Fund Association.

2. (*a*) *Sera and Vaccines.*—The following quantities of sera and vaccines were issued by the institute during the year 1940 :—

Vaccines.	Quantity.
1. Plague vaccine	57,17,127 c.c.
2. Cholera Vaccine	4,20,191 c.c.
3. T. A. B. Vaccine	21,161 c.c.

(*b*) *Sera.*—12,382 ampoules of sera were supplied to hospitals. All these sera were imported in bulk from abroad and were ampouled at the Institute. But in future the required sera will be produced by the Institute itself.

3. *Anti-Rabic Section.*—During the year under report two new centres were opened and 7,217 anti-rabic treatments were issued. These figures include 278 treatments issued for veterinary use.

4. *Diagnostic Department.*—During the year 15,756 specimens were examined by this department for various Government hospitals and dispensaries. The number of Wassermann Reactions and Kahn tests carried out was 4,259 and 4,226 respectively. In addition to the routine work the department continued the inquiry into the outbreak of typhoid fever in the City of Bombay and suburbs.

During the year 305 visits were paid by the Medical Officer to collect the blood and other samples at the request of the local medical practitioners for the diagnosis of typhoid cases. Out of the 700 samples collected by him 290 were found positive to typhoid and 34 to Para-typhoid A.

5. *Free Examination of Clinical Material.*—In addition to free laboratory examination in cases of suspected enteric fever, the Institute carried out free examination of clinical materials from other infectious diseasés as Diphtheria, acute Cerebrospinal meningitis etc. Materials for examination were received not only from the City itself but also from mofussil towns such as Thana, Satara, Ahmednagar etc.

6. *Biochemical Unit.*—This department continued to give diagnostic aid to various hospitals and medical practitioners as usual. Researches on the renal function of normal Indians were continued and

experimental work was carried on to establish a dosage response for the unknown and the standard for use in the assay of vitamin D.

7. *Department of Entomology.*—This department attended to several rquirements made for the identification of insects and snakes. Investigations on the effects of different constant temperature and humidities on the rate of growth of the early stages of three Indian fleas were also continued. In the second half of the year the department was engaged in organsing and conducting an inquiry into the recrudescence of plague in Sholapur and adjoining districts. The object of the inquiry is to investigate the causes of plague recrudescence in that area. A number of medical men and sanitary inspectors were trained in rat examination and rat and flea destruction.

8. *Researches.*—Researches were continued in connection with plague vaccine, chemotherapy of plague and recrudescence of plague along with those on monkey maleria, anti-rabic vaccine and leptospirosis.

9. *Miscellaneous.*—The Institute continued to prepare and supply 25 per cent. glucose solution to the J. J. Group of Hospitals. During the year 615 litres were supplied.

10. The following table shows the receipts and expenditure of the the Institute for the year 1940 :—

Receipts.		Expenditure.	
Items.	Rs.	Items.	Rs.
		Haffkine Institute.	
Sale proceeds of Sera and Vaccines etc.	2,97,708	Pay of Officers	83,126
Miscellaneous	2,057	Pay of Establishment ..	91,031
		Allowances, Honoraria, etc.	6,431
		Contingencies	2,06,751
		Total ..	3,87,339
		Pasteur Institute.	
		Pay of Officers	5,520
		Allowances, Honoraria, etc.	1,748
		Total ..	7,268
Total, Receipts ..	2,99,765	Total, Expenditure ..	3,94,607

11. *General.*—The year under review has been particularly noteworthy in the history of the Institute for two reasons. Firstly, the Plague researches commenced about ten years ago which gave us an improved plague vaccine and an effective anti-plague serum, have now culminated in the discovery of a new Sulphonamide—Sulphathiazole, which has been shown both by tests in the laboratory and by field trials, to be possessed of very remarkable curative power against plague infection. Because of the fact that Sulphathiazole is cheap to make, can be administered by the mouth and does not deteriorate by keeping, it forms a remedy of the greatest importance under conditions prevailing in India. Further, this sulphonamide is equally valuable in the treatment of pneumonia, streptococcal and staphylococcal blood poisoning, gonorrhœa and other infections of the urinary tract. In fact the extensive literature published on the subject shows sulphathiazole to be the best sulphonamide synthesised so far. Secondly, a new department of serum production has been organised. This department will produce tetanus anti-toxin, tetanus toxoid, diphtheria, anti-toxin, diphtheria toxoid, anti-gas gangrene serum, anti-dysentery serum and anti-plague serum and will thus fill a long-felt need of the hospitals and the public. The country so far had largely depended on imported sera, which of course were very expensive even in peace time. Now not only have prices risen but the supplies are uncertain. This new department by making the supplies available at less than one-fourth the price of imported sera should prove of the utmost benefit to the country. Equally important is the fact that sera produced by the Institute will be fully tested products and will therefore be of the best possible quality.

THE DEPARTMENT OF THE CHEMICAL ANALYSER TO GOVERNMENT.

The following is a short summary of the work performed by the Chemical Analyser to Government, Bombay, during the year 1940 :—

—	Total number of cases investigated.	Number of articles examined.
Cases of Human Poisoning	781	1,670
Cases of Animal Poisoning	47	258
Stain cases	624	2,929
Miscellaneous Medico-legal cases	25	120
Samples from the Excise Department	....	5,901
Other Government work	....	45
Miscellaneous samples	....	1,708
Total work ..	1,477	12,631

2. The statement of income and expenditure for the same year is furnished as under :—

Receipts.		Expenditure.	
Items.	Rs.	Items.	Rs.
Fees for Chemical Analysis ..	6,944	Pay of Officers	20,800
		Pay of Establishment ..	14,598
		Pay of Temporary Establishment	1,222
		Allowances	1,515
		Contingencies	13,814
Total ..	6,944	Total ..	51,949

Since 12,631 articles were examined, the cost of analysis per article comes to Rs. 4–1–9. It is hardly necessary to state that this does not give a correct value of examining articles, since a large amount of the work is for the Excise Department and the remainder mostly in the interests of Law, Justice and Police and also analysis of Government Stores, which evidently cannot bring any income direct to the Laboratory.

3. No explosives were examined during the year, as the Government of India made arrangements at the Customs Laboratory at Bombay for their examination. However only such are examined in this laboratory as have a bearing for legal purposes or for Police enquiries, though these are sent by the Inspector of Explosives. Such examinations are treated as chemico-legal work, under the heading Miscellaneous Medico-Legal cases in paragraph 1 above.

4. The Chemical Analyser was appointed as an ex-officio member of the Classification Committee appointed by Government to classify which spirituous medicinal preparations are to be treated as purely medicinal and which as those likely to be used as substitutes for beverages or as medicated wines. This Committee classified, 1,112 preparations during the year.

5. In the Annual Report for the year 1940, the Chemical Analyser reports as usual interesting cases of Excise offences, deaths from poisoning by Aspirin and also Potassium Nitrite, and fatal effects from Carbon dioxide and want of oxygen. Cases of accidental poisoning by Kerosene Oil and by Seeds of Jatropha Curcas (Jungli Erandi) in children have also been quoted.

STATEMENT A.

Showing the number of Civil Hospitals and Dispensaries in the Bombay Province during the year 1940.

(Total population of the Province—2,63,83,964.*)

Class of Civil Hospitals and Dispensaries.	Number open on 31st December 1939.		Number opened during the year 1940.		Number closed during the year 1940.		Number transferred to other department or class.		Number open on the last day of the year 1940.		Remarks.

* Excluding Sind and Aden.

(a) The following dispensaries have been newly added to the Report.

1. Khalapur (District Local Board) dispensary in Kolaba.
2. Coronation (Municipal) dispensary, Pandharpur in Sholapur.
3. Byadgi (Municipal) dispensary in Dharwar.
4. Ode (District Local Board) dispensary in Kaira.
5. Alindra (District Local Board) dispensary in Kaira.

(b) 1. Anti-tuberculosis dispensary, Colaba, Bombay, closed from 1st March 1940.

2. Ranchhodlal Home Medical Relief Institution, Ahmedabad, closed from 1st November 1940.

(c) Leper Hospital, Pui in Kolaba amalgamated with Leper Hospital, Poladpur.

(d) The following additional institutions have been included in the Report :—

1. St. Lukes Hospital, Vengurla, Ratnagiri.
2. Mission Hospital, Sankeshwar, Belgaum.
3. R. N. C. Free Eye Hospital, Bulsar, Surat.
4. Cantonment General Hospital, Poona.
5. Lady Dufferin Hospital, Sholapur.
6. Babu P. Jain Chairtable dispensary, Bombay.
7. Parsi Lying in Hospital, Bombay.
8. Bhatia General Hospital, Bombay.

(e) Rural Medical Relief Centres opened in the various Districts in 1940.

(f) Rural Medical Relief Centres temporarily closed in te year till the Subsidied Medical Practitioners become available for appointment there :—
(2 in Kaira, 1 in West Khandesh, 2 in East Khandesh, and 1 in Kolaba).

CLASSES I AND II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as "State" when provincial and imperial funds are practically responsible for all the charges connected with it. Class I—"Public" are State Dispensaries which are open to the poorer classes of the public. Class II are State Dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local fund dispensaries include all institutions which are vested in local boards or municipalities or guaranteed or maintained by local or municipal funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries whether maintained by State railways or others.

CLASS VII.—Comprises all subsidised dispensaries opened under the "Rural Medical Relief Scheme."
